PEDIATRICS

24-25 APRIL 2026

Headquarters • Fresenius Kabi Bad Homburg

FACULTY

Chairs

Kathleen Gura
Pharmacist
Boston Children's Hospital (USA)

Frank Jochum
Pediatrician & Neonatologist
Ev. Waldkrankenhaus Spandau, Berlin (Germany)

Speakers

Kara L. Calkins
Neonatologist
Mattel Children's Hospital/UCLA
Santa Monica Medical Center (USA)

Joeri De Cloet
Pharmacist
Ghent University Hospital (Belgium)

Adriana Fernández
Pediatrician
Children's Hospital of La Plata, Buenos Aires
(Argentina)

Olivier Goulet
Pediatrician
Faculté de Médecine Paris Centre, Descartes Medical
School, Université de Paris (France)

Susan Hill
Pediatric gastroenterologist
Great Ormond Street Hospital, London (UK)

Alexandre Lapillonne
Pediatrician & Neonatologist
Hôpital Necker-Enfants Malades, Paris (France)

Andreas Repa
Pediatrician & Neonatologist
Medical University of Vienna (Austria)

Venetia Simchowit
Pharmacist
Great Ormond Street Hospital, London (UK)

Miguel Sáenz de Pipaón
Pediatrician & Neonatologist
La Paz University Hospital, Madrid (Spain)

Frédéric Valla
Pediatric intensivist
Praticien Hospitalier Unité transversale de diététique et
nutrition (UTDN)
Hospices Civils de Lyon (France)

Theodoric Wong
Pediatric gastroenterologist
Birmingham Women's and Children's Hospital (UK)

Day 1 24th April 2026

10:30	Welcome and overview	F. Jochum / K. Gura
10:50	Early-life nutrition and its influence on neonatal and pediatric health outcomes	F. Jochum
11:15	International guidelines for medical nutrition therapy: why, who, when, and how?	K. Calkins / A. Lapillonne
11:40	Local clinical practice insights in neonatal and pediatric medical nutrition therapy	K. Gura / A. Fernández / O. Goulet / J. De Cloet
12:45	Q&A Session	
12:55	LUNCH BREAK	
13:45	Meeting nutritional needs from the first hours of life to adolescence: standardized and individualized PN	T. Wong
14:15	Meeting nutritional needs across different pediatric patients and therapeutic areas	F. Valla
14:40	Q&A Session	
14:50	COFFEE BREAK	
INTERACTIVE BREAKOUT SESSIONS: Neonatology / Pediatrics / Pharmacy		
15:10	 The continuum of nutritional care in neonates	K. Calkins
	 The continuum of nutritional care in pediatrics	T. Wong
	 Osmolarity and practical aspects of PN formulations	V. Simchowicz
15:40	BREAK	
15:45	 PN for neonates: when and who? Interactive discussion of guidelines and translation into clinical practice	A. Repa
	 PN for pediatrics: when and who? Interactive discussion of guidelines and translation into clinical practice	O. Goulet
	 Standardized and individualized PN for neonates and pediatrics	J. De Cloet
16:15	BREAK	
16:20	 Standardized and individualized PN in neonates: Challenges and opportunities	A. Lapillonne
	 Standardized and individualized PN in pediatrics: Challenges and opportunities	F. Valla
	 Safety and quality of PN formulations	K. Gura
16:50	COFFEE BREAK	
17:10	Wrap up day 1	F. Jochum / K. Gura
17:15	End day 1	
<i>Dinner Event at 19:00 at Güterbahnhof Bad Homburg, Horexstraße 1, 61352 Bad Homburg v.d.H.</i>		

Breakout Session
Neonatology

Breakout Session
Pediatrics

Breakout Session
Pharmacy

Day 2 25th April 2026

08:30	Highlights day 1	F. Jochum / K Gura
08:40	Unlocking the potential of fish oil-containing lipid emulsions in neonates	A. Repa
09:10	Exploring the role of fish oil-containing lipid emulsions in pediatrics	O. Goulet
09:35	Q&A Session	
09:45	COFFEE BREAK	
INTERACTIVE BREAKOUT SESSIONS: Neonatology / Pediatrics		
10:05	 Parenteral lipid provision for neonates: how and when?	A. Lapillonne
	 Parenteral lipid provision for pediatrics: how and when?	O. Goulet
10:35	BREAK	
10:40	 Essential fatty acid provision in neonatal PN	K. Calkins
	 Essential fatty acid provision in pediatric PN	F. Valla
11:10	BREAK	
11:15	 Venous access and osmolarity: key considerations for neonatal PN	M. Sáenz de Pipaón
	 Venous access and osmolarity: key considerations for pediatric PN	A. Fernández
11:45	BREAK	
11:50	 Micronutrient considerations for neonatal PN	F. Jochum
	 Micronutrient considerations for pediatric PN	S. Hill
12:20	BREAK	
12:25	 Nutritional care for neonates: patient cases 1-3	M. Sáenz de Pipaón
	 Nutritional care for pediatrics: patient cases 4-6	T. Wong
12:50	LUNCH BREAK	
13:40	Improving young lives with medical nutrition therapy - clinical cases and panel discussion	A. Fernandez / M. Sáenz de Pipaón / S. Hill / O. Goulet
14:40	General conclusion and take-home messages	F. Jochum / K. Gura
14:45	End day 2
