

# **FRANC** | 26

## **PEDIATRICS**

**24-25 APRIL 2026**

**Headquarters • Fresenius Kabi Bad Homburg**

## FACULTY

### Chairs

**Kathleen Gura**  
Pharmacist  
Boston Children's Hospital (USA)

**Frank Jochum**  
Pediatrician & Neonatologist  
Ev. Waldkrankenhaus Spandau, Berlin (Germany)

### Speakers

**Kara L. Calkins**  
Neonatologist  
Mattel Children's Hospital/UCLA  
Santa Monica Medical Center (USA)

**Joeri De Cloet**  
Pharmacist  
Ghent University Hospital (Belgium)

**Adriana Fernández**  
Pediatrician  
Children's Hospital of La Plata, Buenos Aires  
(Argentina)

**Olivier Goulet**  
Pediatrician  
Faculté de Médecine Paris Centre, Descartes Medical  
School, Université de Paris (France)

**Susan Hill**  
Pediatric gastroenterologist  
Great Ormond Street Hospital, London (UK)

**Alexandre Lapillonne**  
Pediatrician & Neonatologist  
Hôpital Necker-Enfants Malades, Paris (France)

**Andreas Repa**  
Pediatrician & Neonatologist  
Medical University of Vienna (Austria)

**Venetia Simchowicz**  
Pharmacist  
Great Ormond Street Hospital, London (UK)

**Miguel Sáenz de Pipaón**  
Pediatrician & Neonatologist  
La Paz University Hospital, Madrid (Spain)

**Frédéric Valla**  
Pediatric intensivist  
Praticien Hospitalier Unité transversale de diététique et  
nutrition (UTDN)  
Hospices Civils de Lyon (France)

**Theodoric Wong**  
Pediatric gastroenterologist  
Birmingham Women's and Children's Hospital (UK)

## Day 1 24<sup>th</sup> April 2026

10:30	Welcome and overview	F. Jochum / K. Gura
10:50	Early-life nutrition and its influence on neonatal and pediatric health outcomes	F. Jochum
11:20	International guidelines for medical nutrition therapy: why, who, when, and how?	K. Calkins / A. Lapillonne
11:50	Local clinical practice insights in neonatal and pediatric medical nutrition therapy	F. Jochum / K. Gura A. Lapillonne / A. Fernández / O. Goulet / T. Wong / J. De Cloet
12:55	LUNCH BREAK	
13:40	Meeting nutritional needs from the first hours of life to adolescence: standardized and individualized PN	T. Wong
14:15	Meeting nutritional needs across different pediatric patients and therapeutic areas	F. Valla
14:45	COFFEE BREAK	
<b>INTERACTIVE BREAK OUT SESSIONS: Neonatology / Pediatrics / Pharmacy</b>		
15:00	 The continuum of nutritional care in neonates	K. Calkins
	 The continuum of nutritional care in pediatrics	T. Wong
	 Safety and quality of PN formulations	K. Gura
15:35	 PN for neonates: when and who? Interactive discussion of guidelines and translation into clinical practice	A. Repa
	 PN for pediatrics: when and who? Interactive discussion of guidelines and translation into clinical practice	O. Goulet
	 Standardized and individualized PN for neonates and pediatrics	J. De Cloet
16:10	 Standardized and individualized PN in neonates: Challenges and opportunities	A. Lapillonne
	 Standardized and individualized PN in pediatrics: Challenges and opportunities	F. Valla
	 Osmolarity and practical aspects of PN formulations	V. Simchowicz
16:45	COFFEE BREAK	
17:00	Wrap up day 1	F. Jochum / K. Gura

Breakout Session  
Neonatology

Breakout Session  
Pediatrics

Breakout Session  
Pharmacy

## Day 2 25<sup>th</sup> April 2026

08:30	Highlights day 1	F. Jochum / K Gura
08:40	Unlocking the potential of fish oil-containing lipid emulsions in neonates	A. Repa
09:15	Exploring the role of fish oil-containing lipid emulsions in pediatrics	O. Goulet
09:45	COFFEE BREAK	
<b>INTERACTIVE BREAK OUT SESSIONS: Neonatology / Pediatrics</b>		
10:00	 Parenteral lipid provision for neonates: how and when?	A. Lapillonne
	 Parenteral lipid provision for pediatrics: how and when?	O. Goulet
10:35	 Essential fatty acid provision in neonatal PN	K. Calkins
	 Essential fatty acid provision in pediatric PN	F. Valla
11:10	 Venous access and osmolarity: key considerations for neonatal PN	M. Sáenz de Pipaón
	 Venous access and osmolarity: key considerations for pediatric PN	A. Fernández
11:45	 Micronutrient considerations for neonatal PN	F. Jochum
	 Micronutrient considerations for pediatric PN	S. Hill
12:20	 Nutritional care for neonates: patient cases 1-3	M. Sáenz de Pipaón
	 Nutritional care for pediatrics: patient cases 4-6	T. Wong
12:55	LUNCH BREAK	
13:30	Improving young lives with medical nutrition therapy: cases from my clinical experience	O. Goulet / A. Fernández / S. Hill / M. Sáenz de Pipaón
14:05	Panel discussion From insights to action: take-home messages and how to implement them in daily practice	
14:25	General conclusion and close	F. Jochum / K. Gura

Breakout Session  
Neonatology

Breakout Session  
Pediatrics
