Executive Summary

Independent board director, investor, and serial entrepreneur with over 30 years of experience leading transformation, innovation, and value creation in complex and uncertain environments. Recognized for strategic creativity, relational capacity, and global vision, combining board service across corporations, funds, associations, and foundations with a proven track record of building companies from scratch, mobilizing diverse teams, and bringing innovative ideas to market.

Distinctive strengths include structuring new ideas into viable projects, scaling businesses with social and environmental impact, and providing independent judgment with a systemic perspective. Deeply committed to corporate governance, ESG, diversity, and sustainability.

Key Competencies for Boards

Creativity & Innovation: Designing and executing new business models, products, and services.

Relationships & Networking: Ability to build trust, mediate, and connect diverse stakeholders.

Governance & ESG: Experience in audit, nomination, compliance committees and sustainability.

Transformation & Scaling: Driving organizations from inception to international operations.

People alignment: Proven track record in driving teams to strategy, fostering trust, shared purpose.

Strategic Thinking & Global Vision: International exposure in Europe, Latin America, and the USA.
