

Technical data

Model	XRVS1100
Normal effective working pressure	20/25 bar
Actual free air delivery*	30/27 m ³ /min
Screw oil volume	88 litres
Exhaust valve configuration(Qty *Size)	1 x 2''
Compressed stage	2
Diesel tank capacity	520L
diesel engine	
Engine brand	Cummins
Model	QSM11-C420
Power	305.4 kw
Maximum engine speed	1880/1660 rpm
Lubricating oil system capacity	32L
Coolant system capacity	54L
Machine size and weight	
Length of the whole machine	3650mm
Width of the whole machine	2100mm
Height of the whole machine	2440mm
Machine weight	4800kg
