DEEP TISSUE

60 min 160€ - 90 min 190€

It relaxes the muscles, relieves muscle tension and soothes painful areas.

RELAXING AROMA

60 min 150€ - 90 min 180€

Use of 100% pure essential oils blended with a neutral vegetable oil and combined with the fluid movements of a Swedish massage. The oils are selected according to the client's preferences, providing holistic properties—physical, mental, and emotional—through a powerful aroma that creates a healing effect on the entire body. This massage is performed with light to medium pressure.

BELLY REVOLUTION

45 min 120€

This belly massage is very relaxing. By effleurage techniques and light pressure accompanied by the client's breathing, it will help to relax the tissues, evacuate bloating and therefore improve intestinal transit. It will also activate lymphatic circulation in the belly area and strengthen the immune system.

A little extra: the Belly Revolution slims the waist and helps to find a flatter belly.
