

Cornwall in the Summer

27th June 2027

Dear

Please see enclosed the details for our forthcoming trip to Cornwall. The date for your diary Sunday 27th June 27 for six days. We will be based in historic Redruth with historic links to the mining industry. The hotel that we are staying at is the 4 * Penventon Hotel which has been privately owned for over 50 years, and has an Excellence rating with Tripadvisor for both accommodation and food. The hotel is ideally situated in the middle of southern Cornwall to enable us to explore the local area. The rooms are all individually decorated with all modern facilities including tea and coffee making facilities and free Wifi. All the single rooms are standard rooms for single occupancy. The hotel also benefits from a lovely leisure centre in well maintained grounds

During our break we have a light hearted guided tour of Falmouth to hear the local history, travel on the St Ives Bay Line to St Ives to see the Barbara Hepworth Museum and free time. We have a boat trip on the Helford Estuary to enjoy the great views and a visit to the Gardens of Heligan to see how the renovation and discovery of the gardens is continuing. On our journeys down and back we stop off at Gloucester Services, Killerton and Knightshayse for comfortable breaks.

We hope that you can join us on this trip in this very pretty area of England as we explore some of its great sights.

George & Louise
