

Central Scotland

3rd October 2027

Dear

Please see enclosed the details for our forthcoming trip to the 'Central Belt' of Scotland. The date for your diary is Sunday 3rd October 27 for six days. We will be based on the outskirts of Glasgow at the 4* Westerwood Spa and Golf. The hotel is ideally situated in between Glasgow and Edinburgh to enable us to explore the local area. The large rooms all have modern facilities including tea and coffee making facilities and free Wifi. All the single rooms are standard rooms for single occupancy. The hotel also benefits from a lovely leisure centre with a large pool.

During our break we have an award winning guide taking us around Edinburgh to hear the local history, and then have free time to explore this historic city. Our ride on the Falkirk wheel precedes the trip to the mystical Kelpies before we go to the Royal Yacht Britannia to explore the ship much loved by our late Queen with time for tea overlooking Leith Harbour. We sail on Loch Lomond to see the lovely colours at this time of year before visiting a local distillery to try enjoy a tasting of either Whiskey or Gin. Our day trip to Alloway Ayrshire takes in Dumfries House with its arts and crafts and Chippendale collection followed by a visit to Robbie Burns Cottage and Birth Place Museum with time to see the museum of this life. On our way home we stop at the New Lanark Mill to travel through time, learning about the life of Annie Mcleod and seeing the Clyde falls. We then stop off en-route at Teebay Services for you to 'stock up' on provisions.

We do hope that you can join us on this trip to the heart of Scotland to see some of its finest scenery and places of interest.

George & Louise
