brewers kitchen

SUBERG'S BEI BOENTE - THE BREWERY

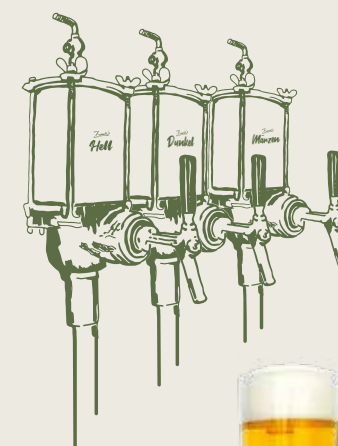

We brew our own beer, cook regionally and serve our food with love and passion !

With great attention to detail, Suberg's bei Boente was opened in 2011 within the traditional walls of Augustinessenstraße. However, the popular Recklinghausen brewery and pub was not a brewery from the very beginning: from 1871 to 1988, schnapps was initially distilled here for the mining industry. In addition to many other traditions that have been maintained over the years, the brewery still brews its own beer. If you are curious, you are welcome to visit our brewery cellar. Our master brewer will be happy to explain his craft, the original brewing process still carried out in accordance with the German Purity Law. The brewery in the heart of the old town not only offers culinary delights in a warm atmosphere, but also the home-brewed, easily digestible and freshly tapped Boente beers. In addition to the three regular beers - Boente's Hell, Dunkel and Märzen, other beers are also offered seasonally, such as Boente's Rotbier, Weizen and many others.

In the brewery kitchen, hearty and traditional dishes as well as light, vegetarian and vegan food are freshly cooked - making the hearts of gourmets of healthy and lovers of hearty specialties beat faster. The cozy and large beer garden in particular creates a natural flair with plenty of greenery in the middle of the old town. This invites you to relax and enjoy a cool freshly tapped beer and makes your visit a short break from everyday life.

The cozy rooms are also available for private and business events!

Your Suberg's bei Boente team
