brewers kitchen

SUBERG'S BEI BOENTE - THE BREWERY

We brew our own beer, cook regionally and serve our food with love and passion !

With great attention to detail, the traditional gastronomy in the historic walls of Augustinessenstraße was revived in 2011 as Suberg's bei Boente.

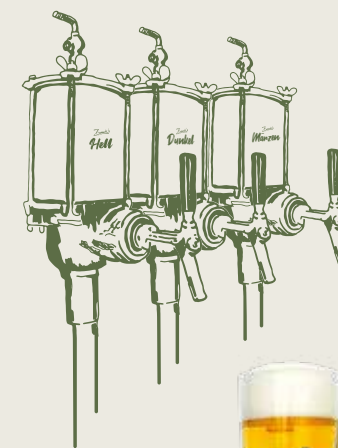

The popular Recklinghausen brewery and restaurant looks back on a long history: from 1871 to 1985, schnapps was distilled here for the mining industry before the premises were converted into a restaurant. Over the decades, the place has remained a meeting place – with character, history and the special old town flair that still distinguishes it today.

Today, distilling no longer takes place in the listed rooms, but beer is brewed with the same passion – according to the German Purity Law and with genuine craftsmanship. If you are curious, you are welcome to visit our brewery cellar, where our master brewer will enthusiastically explain the original brewing process and show you how water, malt, hops and yeast are turned into genuine Boente beer.

In addition to freshly brewed beer, the brewery in the heart of the old town offers culinary specialities from the brewery kitchen – from hearty and traditional to light, vegetarian and vegan. In summer, the large, leafy beer garden invites you to linger and enjoy a few relaxing hours with a cool Boente beer.

Our cosy rooms are also available for private and business events – whether in the Kontor for up to 80 people or in the Stübchen for up to 20 people. Here you can celebrate, hold meetings or simply enjoy yourself in a special atmosphere – with plenty of warmth, history and that typical Boente feeling. Every visit to Boente is an experience to remember – authentic, convivial and always a piece of Recklinghausen.

Your Suberg's bei Boente team
