

KITCHENS

WELCOME TO KITCHENS

Our menu is inspired by the best kitchens and chefs in the world. Whether they come from spectacular restaurants or fascinating families. There are countless places where raw materials and traditions, preparation methods and presentation forms are handled in such an unusual way that it is worth taking a closer look. This is exactly what we have done and what we will continue to do in the future - on our regular travels through all continents, to the remotest corners of the culinary world. We capture all of this in pictures and films to share with you.

But the most important thing is that the multitude of these impressions we create very special recipes, that can only be found at KITCHENS.

We look over the shoulders of top chefs in cosmopolitan centers as well as grandmothers in the countryside, as long as they have something special on the stove or in the oven, because the fusion of grandma's home recipe with the eye-catching compositions of top chefs is the heart of our menu.

This is what the world tastes like - and we hope it is a taste you like.

KITCHENS GOES SWITZERLAND

GRAND TOUR OF SWITZERLAND

The "Grand Tour of Switzerland" invites you on a journey through breathtaking landscapes and lets you experience the full diversity of Swiss flavours. From delicate cheeses from Appenzell and Gruyère to irresistible chocolates in Zurich and exquisite wines from Ticino and Valais – every region has its own culinary highlights. The traditions and innovative spirit of Swiss cuisine come to life just as vividly as the picturesque villages, charming towns, and the majestic Alps.

We are also inspired on this trip and bring Swiss to you.
Course by course onto your plate - just as it is, interpreted KITCHENS-style.
