**NOTE:**

Cultural activities take place on Thursdays from 6.00 pm to 8.00 pm (approx.), with the exception of some visits which may take place on Saturdays or Sundays. This timetable may be subject to change depending on the weather and the number of students enrolled.

You must register at least 72 hours in advance by completing a registration form at the academy's office to secure your place. The academy will confirm the activity 24 hours before it begins via the student's email. A minimum of 5 students is required for the activity to take place.

The activities are free for our students, with the exception of admission fees to monuments or museums, which must be paid by the student. Admission prices are beyond the academy's control and are subject to change without prior notice should the official rates of the monument or museum change. The activities will generally be led by a teacher or someone associated with the centre.

Detailed information on each activity will be available at the school office and on the noticeboard in the weeks leading up to the event. You can consult our "Activities Handbook" at the school office for full information and details on how our activities are organised.
