HOW TO INCREASE ...

Written bid submission:
The simplest and safest way is still an order form, with or without a preview by post or fax (+49) 0221 382 1324

TELEPHONE BIDDING (0049) 0212 382 13 20:

If you would like to bid directly by telephone, let us know which lots you would like to bid on at least one day before the auction date. Registration is also considered a minimum bid. You will be called by us - shortly before the lot is called - and you can be reached immediately. We provide telephone and staff for bidding and are the responsibility of the bidder.

Spontaneous changes during the auction are not possible. Telephone bidding is only suitable if you would like to bid significantly higher than the estimate in your own spontaneity. If no connection is established, it is not the responsibility of the auctioneer; a deferral because no connection is established cannot take place (due to the knockdown in live online bidding). To be on the safe side, please also provide your landline or mobile number as a replacement.

PREVIEW:

The pre-viewing for individuals is possible from november 12th, to nov.. 17th, except on Sunday november 15th, from 10 a.m. to 6 p.m. You are also welcome to call in advance of the auction and inquire about the nature of the lots.

Previous participation in the hall:

The most successful classic auction participation was personal bidding with a preview in the hall. The combination of a preview and live bidding is an equivalent alternative with an increase in comfort for everyone. Those who do not have access can instead participate in writing or by telephone.

Direct participation via the Internet is possible www.muenzzentrum.de
