## ABOUT US

Founded in 2021 as a sister company of Galal Paper which is a paper mill factory with over 70 years' of experience in the field of paper industry, the Galal family has been producing paper-board since 1950's, with the aim to expand the business Galal Pack has been established as the base point of a complete paper converting project that serves the needs and requirements of our customers.

## INDUSTRY EXPERIENCE

Since Galal Paper is a specialized company in producing paper-boards, Galal Pack is adding to it by producing edge protectors and angle corners using the finest paper products from Galal Paper, our wide range of customers in local and worldwide markets has built up our experience in the paper converting projects overall as most of our customers are paper converting companies, over the years we have created a full knowledge of the industry and it's needs.

### OUR VISION

The vision at Galal Pack is to a highly efficient and top-quality products that fulfill the needs of our customers and meet their satisfaction.

### OUR MISSION

At Galal Pack every person in our company is a team player willing to perform their duties to the fullest capacity & potential, the client satisfaction is our main focus, reached through innovative and cost-effective products.

## OUR EDGE PROTECTORS TDS

**Punched (Notched)**  
Leg for curved  
objects

**White or Brown**  
outer wrap

**Long lengths**  
for  
variable uses

**Printing**  
options  
available per  
request

# PRODUCT RANGE

Galal Pack specializes in the production of paper edge protectors, our products can be served in the following forms:

- White or Brown out wrap.
- Long lengths for variable uses.
- Punched (notched) wing for curved objects.
- Printing option as per request.

## DESCRIPTION

Our edge protectors are made of recycled high quality paper boards, laminated together and formed into a right angle. They are used to protect edges of products from damage caused by storage, transit or strapping, they can also be used to prevent crushing from shrink warp. Using edge protectors reduces transport costs and enhances warehouse capacity.

## COMPOSITION

100% Recycled paper boards, fully wrapped and laminated with environmentally friendly dextrin glue, fully recyclable

Our standard sizes are as follows (All sizes are in mm):

Length (D): 50-6000 m

A	B	C (thickness)
25	25	3
35	35	3 / 4
50	50	3 / 4 / 5
60	60	3 / 4 / 5 / 6
70	70	3 / 4 / 5 / 6 / 7
80	80	3 / 4 / 5 / 6 / 7 / 8
90	90	3 / 4 / 5 / 6 / 7 / 8 / 9
100	100	3 / 4 / 5 / 6 / 7 / 8 / 9 / 10

Leg widths are measured on the outside of the legs with tolerance  $\pm 3$ mm.

Length tolerance for pieces up to 500 mm  $\pm 5$  mm.

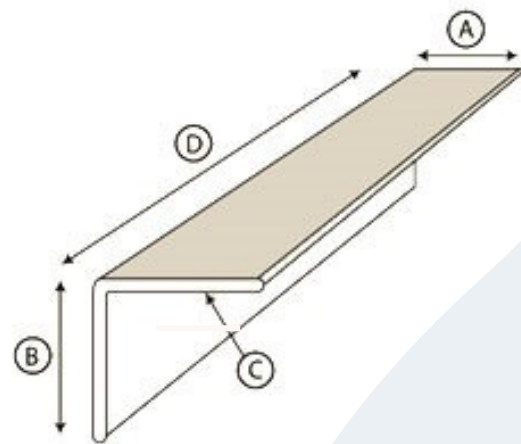

Length tolerance for pieces up to 2 500 mm  $\pm 10$  mm.

Length tolerance for pieces  $> 2 500$  mm  $\pm 20$  mm.

The length is measured parallel to the axis on the inside of the profile.

Thickness tolerance is  $\pm 0.5$ mm

The profile leg angle is  $90^\circ \pm 10^\circ$  measured on the outside of the profile.

Mechanical Properties of Profiles:

A*B (mm)	C (mm)	3- Point Bend (N)	Compression (N)
40*40	3	490	1535
	4	615	1920
	5	765	2400
50*50	4	785	2425
	5	980	3035
	6	1225	3795
60*60	4	980	2740
	5	1225	3425
	6	1530	4285

The force is applied at a rate of 400 mm per minute ( $\pm 2.5$  mm per minute).

The max force in newtons (N) to failure is recorded (10 N accuracy).
